WARNING

This document contains information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive information in the designated control channels. Its security must be maintained in accordance with regulations pertaining to TALENT-KEYHOLE Control System.

## PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

## SUMMARY

Kem Army Barracks Narela East is located 3 kilometers (km) west of Kem on the Kem-Avneporog highway (Figure 1). The installation covers 90 acres and contains 1 multistory administration building, 4 multistory and 5 single-story barracks, 2 vehicle/equipment storage buildings, 2 maintenance/storage structures, and 7 support buildings (Figures 2 and 3). Approximately 80 vehicles or pieces of equipment were parked in rows within the motor pool area in [REDACTED]

A probable ammunition storage facility and

its support area are located 200 meters east of the barracks. The facility covers 85 acres and contains 2 administration buildings, 5 multistory barracks-type buildings, 4 multistory probable storage buildings, and 22 storage buildings. Some of the structures are revetted and there is evidence of bunkers on the hillsides.

The area was covered by KEYHOLE missions in [REDACTED]. No significant changes were observed.

## DESCRIPTION OF INSTALLATION

### Railroad Service

The nearest rail facilities are 5 km east of Kem.

### Road Service

The Kem-Avneporog highway is located 300 meters south of the installation.

### Aircraft Landing Strip

The Kem/Uzhmana Airfield is located 10 km west.

### Administration and Troop Housing Areas

Area D1 contains 1 multistory administration building, 4 multistory barracks, 5 single-story barracks, and 4 single-story support buildings.

Area D2 contains 1 multistory administration building.

Area D3, a support area for the probable ammunition storage facility, contains 5 multi-

story barracks, 1 multistory administration building, and 5 single-story support buildings.

### Ammunition Storage Area

Area F, a probable ammunition storage facility, contains 4 multistory probable storage buildings (two 100 by 30 feet and two 75 by 30 feet) and 22 single-story storage buildings (approximately 35 by 20 feet).

### Equipment Storage/Maintenance Area

Area I contains three 110- by 30-foot vehicle/equipment storage buildings, two 75- by 45-foot maintenance storage buildings, and 3 miscellaneous support buildings.

### Driver-Training Area

Area M is a closed-circuit, cross-country, wheeled-vehicle driver-training course with a figure-8 subcourse.
